

Mr. & Mrs. Mishra

Investigation Begins, Sept 14, Every Monday – Friday at 8 p.m On SaharaOne Television.

'Mr. & Mrs. Mishra' is about a team of dedicated cops who specialise in solving complicated cases using a mix of new age technology and classic investigative wisdom. 'Criminal Minds' or 'C.S.I Miami' as the format is known in the West, 'Mr & Mrs Mishra' will explore a different aspect of crime and investigation.

The show has an emotional approach towards cases in which the families of the victims are forced to go through the agony of losing their loved ones and not getting justice. 'Mr. & Mrs. Mishra and their team of UNIT 9' takes on the uphill task of digging through the layers of time and reaches the core of the crimes.

- **What about the cases that couldn't be solved and are gathering dust for years in the files of bureaucracy?**
- **What about the criminals still at large who couldn't be brought to book?**

MR. & MRS. MISHRA WITH THEIR TEAM UNIT 9 STEPS IN ...

Working under the aegis of Addl. CP Abhimanyu Mishra (played by Rahil Azam) and his wife DCP Geeta Mishra, a sharp forensic expert (played by Samreen Zaidi), Unit 9 comprises six officers from different disciplines within the police department. Their areas of expertise ranges from advanced forensic techniques like ballistics, DNA testing, carbon dating to graphology and clinical psychology. The fact that they come from different backgrounds enables them to complement each others' strengths in a unique way. At every stage, the plot throws up intriguing twists and turns keeping the officers on the go, as they track criminals, led by several clues!

Says Mushtaq Shiekh, Creative Director, Sahara One, "The problem with crime thrillers on Indian television is that they have been very childish and naive. We wanted something with more depth and understanding of the nature of every crime committed. Mr. & Mrs.Mishra brings that perspective on the table. It's not only about Mr. & Mrs.Mishra and their Unit 9 team solving cases but its about the way they are, it's the job they do and what makes them tick at their job. Mr & Mrs Mishra will talk about the personal lives of Unit 9 members along with there investigative skills. Producer Anubhav Sinha (ASP Films) and his team have done a fine job in translating the so called big screen magic for MMM on small screen. The audiences are truly in for a treat."

Team Unit 9

- Addl. CP Abhimanyu Mishra
- DCP Geeta Mishra
- DCP Rachael Pinto
- ACP Urvashi Srivastava
- ACP Nachiket Paul
- ACP Imran Rizvi

Mr. & Mrs. Mishra – Abhimanyu and Geeta, are like any other couple in love who work together. **UNIT 9** encompasses **DCP Rachael Pinto (played by Priyamvadda Sawannt), ACP Urvashi Srivastava (played by Pratichee Mohapatra), ACP Nachiket Paul (played by Akshar Kuchroo) and ACP Imran Rizvi (played by Jeet Soni).**

Circumstances drive the Commissioner of Police to hand over a crucial case to Unit 9. The Prime Minister is expected to visit the city and all his key officers are tied up. The case turns out to be high profile and critical. It becomes the most perfect opportunity for Unit 9.

The task is to investigate a murder that takes place on the sets of a reality show **JUNGLE HOUSE**. The murder was obviously never a part of the show but the inmates are embroiled in the murder for real. Jungle House is a TV reality show in which several celebrities are locked in a house, cut off from the rest of the world, with several cameras capturing every moment of their life. Each week, a participant is evicted through public voting. The celebrities have the right to nominate two participants for elimination. The viewers have the privilege to evict. Groups are formed. Petty fights, boredom and romance slowly creep into the show. **And then, there's a murder!**

A celeb's body is found on a chair. Nothing has been captured on the camera because the editor fell asleep and didn't change the tapes. The lady's body is brought out of the house without the police consent. Media personnel, busy covering the Prime Minister's city visit, have been informed. They reach the spot before the police. Everything seems to be falling apart. Unit 9 is asked to step in and take complete control of the case.

Investigation commences both in and out of the house. Abhimanyu and Geeta enter the Jungle House as guests. Everyone, from the celebrities inside the Jungle House to the producer of the show and the channel executives, is under the scanner. What unfolds at long last is rather shocking!

Mr. & Mrs. Mishra is a show that approaches investigative fiction with a dash of reality and promises wholesome family entertainment. The re-creation of the crime scene, mysterious clues and a dramatic investigative process set the show notches above its contemporaries. **The belief that binds the Mishra's and Unit 9 is: no case is closed until solved.**
