

BEGINING OF A NEW LIFE....

Mata Ki Bhakt, Saakshi Kar Rahi Hai Zindagi Ki Nayee Shurvaat

The Hindu shastras call this the age of Kalyug; an era where evil prevails over good and humanity seems to have lost all moral values & spirituality. Sheel Kumar's death at the hands of Saakshi established that whenever evil flourishes, the good takes over and destroys it. With Sheelkumar's death an evil era ended and gave way to a new life full of newer challenges and responsibilities. **Starting Monday, July 12, 'MATA KI CHOWKI', from the SaharaOne stable will embark on a journey that will see Mata's devotee Saakshi beginning a new life with Bali.**

According to the new storyline **the story shifts to a small town in Ujjain where Saakshi's husband, Bali once lived with his family.** After her marriage with Bali, Saakshi tells him to take her to her in-laws place. Hearing this Bali tells her that he has a past which he regrets very much. But Saakshi shows little interest in knowing about his past if it hurts him so much. Finally, Bali agrees to take Saakshi to meet his family. Bali and Saakshi are travelling to Ujjain in a bus but as fate would have it, they get separated during the journey and Sakshi reaches Ujjain alone. She bumps into Harinarayan's car who takes a helpless Saakshi to his home. Some members of Harinarayan's family don't welcome Saakshi whole heartedly. However, Harinarayan's elder daughter-in-law Radha supports her.

Saakshi comes to know that Harinarayan considers his younger son, Rudravardhan to be dead. Kusumganga asks Harinarayan to forgive Rudravardhan but he says he will never forgive him especially after what Rudravardhan has done to Radha by betraying her. Rudravardhan is none other than Bali and Radha his first wife. **This bitter truth of life puts Saakshi in a dilemma and is unable to understand how to deal with it.**

Mata ki Chowki is one such story, which can compel one to believe in the power of spirituality and morality. It is said, all bad things look for a good end. Mata Ki Chowki finds one.
