Devdas is a story that revolves around Devdas and Paro, childhood friends who loved each other before they even understood what love was. But after fate separates them from each other, their melancholic journey begins.

Devdas (Shahrukh Khan) shared a wonderful childhood with his lovely playmate Paro (Aishwarya Rai). A time when supreme love was felt before it was understood. As they grew up, the love they felt for each other intensified. But, alas, unacceptance of their love due to family pressure and failure on the part of Devdas to convince his father creates a permanent wall of separation between him and his beloved Paro, thus shattering their world completely.

Finally, Devdas moves away from Paro and writes a letter to her asking her to forget him. Unfortunately, he doesn't realize that he would never be able to forget her ever! And much later, when he reaches out to her, it is too late as she is already humiliated for her love and being shunned. Paro scorns him for not standing by her and they part forever. A heart-broken Paro enters into a chaste marriage with a wealthy, much older Zamindar.

Unable to bear the agony of a life without Paro, Devdas makes alcohol his constant companion in the company of his friend Chuni Lal (Jackie Shroff). But alcohol doesn't make him forget the constant piercing pain. Even the unflinching devotion of the enchanting courtesan, Chandramukhi (Madhuri Dixit), does not ease the heartache of losing Paro. Only when his eyes closed in eternal sleep did the pain fade forever.

With death drawing nearer, all Devdas wanted is to meet his Paro one last time... thus giving his love the greatest dignity... It is at Paro's doorstep that the gates of heaven open for Devdas.
